

# IMPROVE YOUR GROWER LENDING EXPERIENCE!

Growers Edge has digitalized and streamlined the ag input lending experience with a customized end-to-end solution that solves the challenges faced by ag retailers, input manufacturers, and their customers.

Growers Edge can help you deepen your grower relationships with powerful lending solutions. Our comprehensive platform and services will help you process and manage loans quickly and efficiently so you can use your staff and capital resources more efficiently.

Our experienced team has developed a streamlined underwriting scorecard that analyzes a grower's credit using traditional lending analysis factors combined with credit and risk factors relevant for specialized short-term financing. This unique blend of data provides an accurate and fast assessment of a grower's financial strength and repayment ability that helps mitigate risk for the ag retailer.
